About us

New Minds Civil Construction & Engineering Ltd is a reputable company that specializes in providing high-quality civil construction and engineering services. With a team of experienced professionals, we are known for our expertise in project management, site preparation, demolition, road construction, and concrete works. Our commitment to excellence is evident in Our dedication to completing projects on time, within budget, and to the highest standards of quality.

Our Services

Plan Drawing:

Our plan drawing service encompasses a comprehensive and meticulous approach to creating detailed architectural plans that meet the specific needs of our clients.

Project management :

New Minds Civil Engineering offers a comprehensive project management service designed to streamline processes, enhance efficiency, and ensure the successful completion of construction projects.

Our Services

Construction short courses :

New Minds Civil Engineering offers construction short courses designed to provide participants with in-depth knowledge and hands-on experience in various aspects of the construction industry.

3D modeling :

Our team of skilled professionals utilize cutting-edge software and state-of-the-art technology to create highly detailed and accurate 3D models that assist in the planning, design, and construction phases of civil engineering projects.

Our Services

Steel fixing :

We ensure that all steel fixing work complies with industry standards and regulations, guaranteeing the safety and structural integrity of the final product.

Tiling :

Whether you are looking to update your kitchen backsplash, renovate your bathroom, or enhance your outdoor space with a new patio, New minds Civil Engineering has the expertise and resources to execute any tiling project with precision and efficiency.

Our Services

Roofing service :

Our team of experienced professionals is well-versed in all aspects of roofing, from installation to repair and maintenance. We specialize in providing high-quality materials and craftsmanship to ensure that your roof is not only aesthetically pleasing but also durable

Painting :

We are equipped to handle a wide range of projects, from residential homes to commercial buildings. Their services include interior and exterior painting, specialty finishes, faux painting, and color consultations.

Our Services

Autocad & Archicad course :

Through our carefully crafted curriculum, students will learn how to design and draft blueprints, create 3D models, analyze structures, and develop construction plans using industry-standard software such as AutoCAD and ArchiCAD.

Plastering :

From repairing damaged walls to applying decorative finishes, their experts possess the knowledge and expertise to deliver outstanding results.

Our Services

Brickwork:

Our team of skilled and experienced masons can handle any size project, from small repairs to large-scale construction projects. We take pride in our attention to detail and commitment to delivering high-quality workmanship on every job we undertake. Our brickwork services include laying new bricks, repairing damaged ones, constructing walls, patios, and fireplaces, as well as providing expert advice on design and materials selection.
